2014 Annual Report

2013 was a busy year of accomplishments and much needed updates for the Contoocook Riverway Association. We have had another successful year of partnering with the Contoocook Farmer's Market which operates from June through October, bringing people into the village every Saturday. We would like to thank everyone for their support of the Christmas at the Depot fundraising event this year

which helped raise funds to fix the Pullman Coach siding. 2013 saw the successful completion of numerous projects including: the full renovation of the second floor meeting room, display room, bathroom and access stairway. The changes made inside the depot will open new displays and educational experiences for the public. We are excited to share this milestone with the community soon.

After two years of work on the second floor of the depot, we are happy to announce the completion of our first phase of major renovations.

We would like to thank those involved in this project: Jay Peer for donating his time and efforts to repaint the entire second floor and stairways, Woodbury Roberts and Company for repairs to the meeting room flooring, and Karpets by Kerry for installing new carpeting. This will allow us to open the meeting room to other community organizations to use the space for events. In addition, we have added a sound system and projector for presentations in the meeting room with other unique digital experiences that we will begin offering in the near future.

We have very ambitious goals for 2014 such as raising funds to install a new heating system for the depot. This will allow the depot to be used year-round versus our current status of only being available during the summer months. We hope to continue improving the educational displays as well as expand into the second floor offering greater education to the community. We will post a schedule of events for 2014 in the spring.

With your support, we will continue to reconnect with our railroad heritage. Consider joining us as a board member, committee member, or simply volunteer with us to help organize and schedule events. Visit our website at www.ContoocookDepot.org for information regarding our meeting schedule and contact information. Support our fundraising events and stop by Saturday mornings this summer for

the Farmer's Market and visit the historic railroad depot, Pullman coach, and the country's oldest surviving covered railroad bridge. Please send your tax deductible donation payable to Contoocook Riverway Association to PO Box 789, Contoocook, NH 03229.

Respectfully submitted,

Contoocook Riverway Association Board Members
